MINIGUIDE:

# Infant & Minor Identity Theft

Two Thirds of child victims were aged 7 and under

Over 1 million children were victims of identity theft or fraud in 2017

Fraud against children totalled over \$2 billion in 2017

6 out of 10 victims knew the perpetrator

## Identity Theft is **NOT** just an issue for adults....

At **ID Resolution** we have a pro active service that's already included in your program that can help keep your children safer.....

We will run a check to see that no credit file exists and if it does, suppress the file and manage any fraud

We will flag your child with the credit bureaus to ensure they are recorded as minors

Where necessary, institute a credit freeze on the child's file

To run a check on your children or to get more information please call us at 877 308 9169 and visit us online at [www.idresolution.net](http://www.idresolution.net)
